

Canadian SPOT Satellite Imagery Academic Pricing

Excellent quality SPOT satellite data at the lowest prices in Canada

- ✦ High to medium resolution satellite imagery with optical, NIR and SWIR spectral bands
- ✦ Canada-wide coverage since 1986 – approximately 1.4 million archived images of Canada - plus 250,000 of new Canadian images added annually –tasking of satellite available
- ✦ Three membership levels cover typical data usage levels – purchase of credits allows full access to all spectral bands and resolutions
- ✦ Credit membership allows increased savings over commercial and academic pricing
- ✦ Customized credit levels are available – plus option to buy more credits during membership period
- ✦ Purchased images are licensed for use by all academic users on campus
